WELCOME FROM THE PRESIDENT

Dear Friends:

It is with great pleasure that I offer my formal congratulations to you on the culmination of your years of effort, endeavor, and achievement at the University of Connecticut.

When you cross the stage at commencement, you will become part of a great experiment that began on a hill in Storrs, Connecticut in the fall of 1881, and which today encompasses more than 270,000 fellow Huskies across the globe who are shaping our world in countless ways, from the heights of industry and public service to the daily joys and responsibilities of life in communities both large and small.

I know you will cherish many memories from your time at UConn. Among them will be moments that forged lifelong bonds of friendship at an all-night study session or the stands at Gampel Pavilion; discoveries in the classroom or the laboratory that helped shape and direct your career path; and the feeling of empowerment that comes from joining together with your peers on a service project, political cause, or even raising money for a children's hospital by dancing the night away at HuskyTHON.

These memories will be an inexhaustible treasury for you no matter where your journey leads next, and so will the values that you developed here at UConn: commitment to public service, passion for discovery, and a relentless desire to pursue excellence.

In the years to come, I ask only that you let those values bring you home to UConn. By this, I mean not only attending alumni gatherings and sporting events, but keeping us up to date on your achievements and triumphs, of which there will be many. Your friends, your peers, and your professors will benefit from this, but so will future generations of Huskies, who will look to you as mentors, models, and inspirations.

As you embark on the next chapter in life, I wish you the fulfillment of all the promise a UConn degree brings, and the immeasurable joy that comes with hard-won accomplishment.

Once again: congratulations! Huskies FOREVER!

Cheers,

COMMENCEMENT NOTES

Commencement Day at the University of Connecticut is a time of ceremony and pageantry, embracing traditions dating back to medieval times.

The University of Connecticut was founded as the Storrs Agricultural School in 1881 when the General Assembly accepted a gift of money and land from Charles and Augustus Storrs, natives of Mansfield. In 1893 when it became a land-grant college and officially opened to women, the name was changed to Storrs Agricultural College. As the mission of the institution grew, its name was changed in 1899 to Connecticut Agricultural College, and in 1933 to the Connecticut State College. At first a small but vigorous college with limited undergraduate offerings in agriculture, home economics and mechanical arts, with the development of a university program it became The University of Connecticut in 1939. The Graduate program began in 1935, and in 1949 the University awarded its first doctoral degrees. The regional campuses were established in 1946 to accommodate the influx of veteran students. Today, the University is made up of fourteen different schools and colleges. Through its administrative Divisions, Institutes, and Centers, the University is a Land Grant and Sea Grant College and a Space Grant Consortium Institution, privileged to serve the citizens of the State of Connecticut, and beyond.

Enormous expansion has taken place over the years together

with increased enrollment. Today, the University has an enrollment of over 32,332 students. At Storrs, there are over 19,388 undergraduates and more than 6,334 graduate students, representing some 113 nations.

This May, the University will award over 9,400 degrees. Of these, approximately 5,902 will be Bachelor's degrees, 1,575 Master's degrees, 150 Juris Doctor degrees, 56 Master of Laws degrees, 59 Doctor of Pharmacy degrees, 49 Doctor of Dental Medicine degrees, 98 Doctor of Medicine degrees, 10 Doctor of Musical Arts degrees, 12 Doctor of Audiology, 5 Doctor of Education degrees, 19 Doctor of Nursing Practice degrees, 28 Doctor of Physical Therapy degrees, and 548 Doctor of Philosophy degrees. Also to be awarded are 29 diplomas in Professional Education and 27 Associate's degrees in the two-year Ratcliffe Hicks School of Agriculture.

The Commencement Ceremony, because of the large number of graduates, is divided into separate exercises, by college or school. The Schools of Dental Medicine and Medicine, located in Farmington, and the Schools of Law and Social Work, both located in Hartford, hold their own exercises. The Commencement procession in each of the exercises at Gampel Pavilion in Storrs is heralded by the ceremonial trumpets, acquired especially for the University's commencement.

The Academic Procession is led by the Bearer of the Mace, followed by the faculty. The University Marshal, identified by his Baton, follows the President, together with the speaker, the Board of Trustees, vice-presidents, deans, and other University officials. The Mace is presented at the center of the stage while members of the platform party enter and take their places. Once the Mace is placed on the stand, it signals the beginning of the ceremony.

The Academic Gowns, Hoods and Regalia represent more than elegance or colorful attire. Academic caps and gowns continue a tradition which reaches far back into the early days of the oldest universities of the Middle Ages. The early European universities were founded by the church; the students, being clerics, were obliged to wear prescribed gowns and caps at all times. Caps and gowns were once common forms of clothing and were retained by the clergy when the laity adopted more modern dress. Hoods are lined with the official color of the college or university which conferred the degree. The velvet edging of the hood varies in length for bachelors, masters, and doctoral degrees. The color represents the appropriate degree. The tassel for the bachelor's and master's degree may be of color distinctive to the degree, and the tassel for the doctoral degree may be made of gold thread. The gown and hood of the University Marshal were made specifically for University ceremonies in the official colors of national flag blue and white. The Processional Marshals wear blue velvet "beefeater" hats.

The Mace is presented at all academic ceremonies. In medieval times maces were weapons of warfare, but today a mace is "a staff borne by, or carried before, a magistrate or other dignitary as an ensign of his authority." It is the emblem and symbol of the President's authority to administer the University. This mace was first used at the Inauguration of President Homer D. Babbidge, Jr. on October 20, 1962. It was designed by Nathan Knobler, former head of the Department of Art. The University's early seal, executed in beautiful wood carving, appears on both faces. A penny dated 1881 is affixed to it, to commemorate the date of the University's founding.

The Baton, carried by the University Marshal, was specifically designed for ceremonial activities at The University of Connecticut and was first used at the Commencement in 1968. The Office of Marshal can also be traced back to the medieval period, and the Baton is a symbol of the Marshal's authority. This Baton has silver mountings and is surmounted by a representation of the University's former seal in enamel, which itself incorporates the coat of arms of the State of Connecticut. The University Marshal, carrying the Baton, follows the Mace

Bearers as they lead the academic procession into and out of the place of ceremony.

The Silver Collar/Medallion, worn by Radenka Maric, President, was first used in 1964, at the time of the University's Silver Anniversary. Each link on the collar represents one of the University's Schools or Colleges and consists of a cloisonné circle engraved with an appropriate design for the particular school and enameled with its traditional school or college colors. Hanging from the chain is a large silver medallion containing the University's early seal.

The Awarding of Degrees at the University of Connecticut is accomplished by a threefold process. First, the candidates for degrees of each respective school or college are presented by the University Marshal. The candidates proceed to the front, receive their diploma covers, are congratulated by their administrative officers, and return to their seats. Second, the School or College Marshal then officially presents the candidates to the Dean who acknowledges the candidates and declares the appropriate degree. Third, when all candidates have been duly presented, the President of the University (or the highest ranking official of the University in attendance) formally confers the appropriate degree. This is accomplished verbally at the time that they speak the words:

"By virtue of the authority vested in me by the Trustees of The University of Connecticut, and in accordance with the procedures and regulations of the University, I confer upon you the Associate's Degree, appropriate Bachelor's Degree, Master's Degree, Sixth Year Diploma, or degree of Doctor for which you have been presented at this One Hundred and Forty Fifth Commencement of The University."

The Recessional of the officials and faculty is once again led by the Mace Bearer and University Marshal. The graduates, along with the audience, are requested to remain seated until the recessional is concluded.

ACADEMIC HONORS

University Scholar

The University Scholar designation is the highest scholastic honor at the University. The individualized undergraduate programs of these students, which in some cases include work toward a graduate degree, are supervised by faculty committees. Up to thirty students are selected as University Scholars in the junior year. Candidates for the University Scholar designation wear a golden medal on a gold and blue ribbon at the Commencement exercises.

Honors Scholar

Honors Scholars are academically talented and highly motivated students who complete intensive two- to four-year programs, including Honors courses of unusual depth in the major field. Honors Scholars must demonstrate engagement in their major field and complete a departmentally-approved Honors thesis/Honors capstone project. Candidates for the Honors Scholar designation wear a silver medal on a blue and white ribbon at the Commencement exercises.

Honors Scholar and University Honors Laureate

Honors Scholars and University Honors Laureates are academically talented and highly motivated students who complete intensive two- to four-year programs. As Honors Scholars these students participate in Honors courses of unusual depth in the major field and complete a departmentally-approved Honors thesis/Honors capstone project. Honors Scholars show engagement in their major field through projects that support their professional development. Honors Scholars who complete additional academic and co-curricular requirements also earn the University Honors Laureate designation. This award recognizes breadth in Honors work, as well as engagement and involvement in a variety of communities. Candidates for the Honors Scholar and University Honors Laureate designations wear a white enamel and silver medal incorporating both awards on a blue and white ribbon at the Commencement exercises.

Please Note:

An asterisk () after a graduate's name indicates that they are a candidate for dual degrees.*

Barbara Liskov

Institute Professor, Massachusetts Institute of Technology

Dr. Barbara Liskov, a luminary in the field of computer science, holds the prestigious position of Institute Professor at the Massachusetts Institute of Technology (MIT). Throughout her illustrious career, Liskov has been recognized with memberships in the National Academy of Engineering, the National Academy of Sciences, and the National Inventors Hall of Fame, among others. She is a fellow of the American Academy of Arts and Sciences, the Association for Computing Machinery, and a charter fellow of the National Academy of Inventors, highlighting her broad impact across the scientific community.

Her groundbreaking contributions have fundamentally shaped the domains of programming languages, software development, and distributed systems. In 1968, Liskov marked a milestone in academia by becoming one of the first women in the United States to earn a Ph.D. in computer science (from Stanford University), setting the stage for a career filled with innovation and inspiration.

Central to her legacy is her invention of the notion of abstract data types. This was followed by the development of the Liskov Substitution Principle, a concept that revolutionized object-

oriented programming by ensuring that software components can be replaced with their subtypes without affecting the correctness of the program. These contributions underline the importance of software reliability and reusability, making Liskov's work foundational to modern computing practices.

Her exceptional contributions have earned her numerous prestigious awards, including the ACM Turing Award (2009), the IEEE Von Neumann Medal (2004), the IEEE Pioneer Award (2018), and the Franklin Medal (2023). Each accolade reflects her pioneering work's significance, from her early achievements to her lasting influence on the evolution of computing.

Dr. Liskov's journey, marked by perseverance and groundbreaking discoveries, serves as a profound source of inspiration for aspiring female engineers. By overcoming challenges and continuously pushing the boundaries of technology, she has not only advanced her field but also paved the way for future generations of innovators. Dr. Liskov's enduring legacy is a testament to her visionary research and mentorship, which continue to inspire and shape the future of computing.

SCHOOL OF NURSING COMMENCEMENT SPEAKERS AND HONORARY DEGREE RECIPIENT

Dr. Desiree A. Díaz, PhD, FNP-BC, CNE, CHSE-A, ANEF, FSSH, FAAN

Dr. Desiree A. Díaz, PhD, FNP-BC, CNE, CHSE-A, ANEF, FSSH, FAAN is a Professor, Director of Hispanic Serving Healthcare Professional Graduate Certificate and the Undergraduate Simulation Coordinator at the University of Central Florida. She completed a Post Doc from Johns Hopkins with Dr. Pamela Jeffries which focused on simulation pedagogy. Dr. Díaz creates tests and disseminates research on cutting-edge technologies such as holograms within the simulation community. Her strategies within simulation research pedagogy over the last decade have promoted health equity and brought awareness to healthcare disparities. She was a National Coalition Ethnic Minority Nurse Scholar and Health Leadership

Fellow. She serves as President of the International Nursing Association for Clinical Simulation.

Her current grant funding focuses on educating and exploring ways to eliminate healthcare disparities while educating the workforce. As co-PI to current government grant “ENFERMERIA” which looks to empower and enhance linguistic services and culturally congruent care within the Hispanic community while encouraging advancement to graduate degrees of diverse post-baccalaureate student populations. Dr. Díaz engages multiple means to reduce healthcare inequity and encourage healthcare equity advocates.

Evelyn Gonzalez, MSN, RN, NE-BC, HCRM, SPHR

Evelyn Gonzalez is the Director of Clinical Workforce Development at Memorial Healthcare System in South Florida. Her focus was primarily on clinical workforce development, but the pandemic expanded her role to workforce development for all areas of the system. She partners with school boards, institutions of higher education and workforce boards to develop innovative pipeline programs whose goal is to increase employability skills and improve workplace preparedness not just for the 17,000+ Memorial employees but for the citizens of Broward, Palm Beach, and Miami-Dade counties. Evelyn’s diverse background includes nursing education, nursing administration, nursing

recruitment, magnet, human resources management and workforce development.

Evelyn holds a BSN and MSN degrees from the University of Connecticut, a Human Resource Management Certificate from the University of Miami and two national board certifications: ANCC Nurse Executive and HRCI Senior Professional in Human Resources. She currently serves on UConn’s School of Nursing DEI External Advisory Committee and various state and local workforce development boards, committees and councils.

Olga F. Jarrín Montaner, PhD, RN, FAAN

Dr. Olga Jarrín is the Hunterdon Professor of Nursing Research at Rutgers, The State University of New Jersey. An internationally recognized scholar, educator and researcher, Dr. Jarrín’s research focuses on improving health care delivery, equity, and outcomes for the U.S. Medicare beneficiary population living with chronic and advanced illness including Alzheimer’s disease and related dementias. Dr. Jarrín has received over \$7 million dollars of research funding from federal and foundation grants to support her program of research, including large grants from the National Institutes of Health’s National Institute on Aging (NIH/NIA), the U.S. Department of Health and Human Services (HHS) Agency for Healthcare Research and Quality (AHRQ), and small grants from the American Nurses Foundation, and the Alliance for Home Health Quality Innovation Foundation.

Dr. Jarrín earned her B.S. (2002), M.S. (2007), and Ph.D. (2010) degrees in Nursing Science from the University of

Connecticut. In high school and while attending college she volunteered as an emergency medical technician, and worked as an emergency department tech, nursing assistant, medical assistant, home health aide, and home health nurse intern. After completing her B.S. she worked as a visiting nurse/case manager and during graduate school also worked as a research assistant, teaching assistant, and instructor for UConn School of Nursing. After completing her Ph.D. she continued her research training at the University of Pennsylvania (UPenn) School of Nursing through postdoctoral fellowships in gerontological nursing and nursing outcomes research. While at UPenn she became an active member of the National Association of Hispanic Nurses and co-founded (with Dr. Paule Valery Joseph) the Latino Nurses Network non-profit organization to support the development and vision of current and future Latino nurse leaders, advocates, researchers, educators and clinicians who are working to improve the health of their communities at the

local, national, and international level.

In 2016, Dr. Jarrín joined Rutgers School of Nursing as an Assistant Professor and was promoted to Associate Professor with tenure in 2022. At Rutgers Dr. Jarrín is the founding director of the Community Health and Aging Outcomes Laboratory within the Rutgers Institute for Health, Health Care Policy and Aging Research, and within the School of Nursing she serves as director of the Multicultural Nurse Leadership Institute, established in 1999 to empower minority nurse leaders with the knowledge and skills needed to advance into more senior leadership positions in health care and tackle political, social, and cultural barriers that contribute to health inequities. Dr. Jarrín's research and scholarship has been published in 27 peer-reviewed journal articles, 32 peer-reviewed abstracts, and 8 book chapters. Dr. Jarrín has served

as a peer reviewer for the National Institute of Health's Center for Scientific Review, National Institute on Aging, National Institute on Minority Health and Health Disparities, and National Institute on Aging; the Agency for Healthcare Research and Quality; the American Nurses Foundation; The Rockefeller University Heilbrunn Nurse Scholar Awards; and more than 35 professional journals. She has mentored more than 50 undergraduate and graduate students and 10 early career faculty. Dr. Jarrín has earned numerous awards and distinctions, including recognition as a Distinguished Educator in Gerontological Nursing by the National Hartford Center of Gerontological Nursing Excellence, and election as a Fellow in the American Academy of Nursing, one of the highest honors a nurse can receive.

Chief Lynn Malerba

Chief Mutáwi Mutáhash (Many Hearts) Marilynn "Lynn" Malerba became the 18th Chief of the Mohegan Tribe on August 15, 2010, and is the first female Chief in the tribe's modern history.

The position is a lifetime appointment made by the Tribe's Council of Elders. Lynn follows in footsteps of many strong female role models in the Mohegan Tribe, including her mother, Loretta Roberge, who was a member of the Tribal Council that achieved Federal Recognition for the Tribe and held the position of Tribal Nonner (elder female of respect) as well as her great-grandfather Chief Matagha (Burrill Fielding). Prior to becoming Chief, she served as Chairwoman of the Tribal Council, and served in Tribal Government as Executive Director of Health and Human Services. Preceding her work for the Mohegan Tribe, Lynn had a lengthy career as a registered nurse ultimately as the Director of Cardiology and Pulmonary Services at Lawrence & Memorial Hospital. She earned a Doctor of Nursing Practice at Yale University, named a Jonas Scholar. She was awarded an honorary Doctoral Degree in law from the University of North Carolina Pembroke, an honorary Doctoral degree in Science from Eastern Connecticut State University and an honorary Doctoral Degree in Humane Letters from the University of St. Joseph in West Hartford, CT. She earned a Master's Degree in Public Administration from the University of Connecticut, a Bachelor of Science in Nursing from the College of St. Joseph and her diploma in nursing from

Hartford Hospital School of Nursing.

Lynn was appointed by President Biden and is currently serving as the Treasurer of the United States. Prior to her current role, she served as the United South and Eastern Tribes Board of Directors Secretary. She formerly served as Chairwoman of the Tribal Self-Governance Advisory Committee of the Federal Indian Health Service (IHS), a member of the Justice Department's Tribal Nations Leadership Council, a member of the Tribal Advisory Committee for the National Institute of Health, a member of the Treasury Tribal Advisory Committee and a member of the Federal Reserve Bank of Minneapolis Center for Indian Country Development Leadership Council.

Locally she served as a Trustee for Chelsea Groton Bank, Board Chair for the Community Foundation of Eastern Connecticut, and on the Provost's Advisory Committee Member for the Harvard University Native American Program. She published "The Effects of Sequestration on Indian Health Funding" in the Hastings Center Report, Nov-Dec. 2013 and authored two chapters in "American Indian Health and Nursing" Ed. Margaret P. Moss, Springer Publishing Company.

She lives in Niantic with her husband Paul. They are the parents of two adult daughters, Elizabeth and Angela and grandparents of granddaughters Taylor and Charlotte and grandson Connor.

Medina Jett, JD, MBA

Medina Jett is a self-described career chameleon. Over the course of her 34-year career, she has continually transformed herself in pursuit of her passions. She started her legal career in private practice and later transitioned to corporate law departments where she excelled quickly. She was a senior executive at 3 different Fortune 500 financial services companies before she reached the age of 40.

When Medina developed a passion for running a business, she pursued her MBA at UConn's Executive MBA Program, while maintaining her role as the senior vice president and chief compliance officer at The Hartford. Upon completion, she changed colors once again when she left her high-profile role and started her own company, ICSGroup, a legal and compliance firm servicing private equity and real estate investment funds. Over the next 13 years, she scaled the company into an international firm with clients throughout the United States, Canada and Africa. Medina made history as the only Black woman to own a compliance firm in the asset management industry. ICSGroup's business model was the subject of a Harvard Business Review case study which Medina had the honor of teaching to the first-year students at Harvard Business School. Medina sold ICSGroup in 2021 placing her among an elite group of Black female entrepreneurs who have launched, scaled and sold their companies.

Realizing that her side hustle was indeed her newest passion, Medina founded her current entrepreneurial venture, TDS Builders, a real estate development company, and TDS Capital, a real estate syndication firm. Medina is now building beautiful homes throughout Atlanta and helping her investors create generational wealth.

Medina believes strongly that to whom much is given, much is expected. In addition to her career pursuits, she has been a long-time servant leader and social justice advocate. Medina has been the recipient of many awards and recognition for her advocacy including the Anti-Defamation League's Torch of Liberty Award; the Urban League of Southern Connecticut's Diversity Award; the Malta House of Care's Wonder Woman Award; the Tri-State Diversity Council's Influential Women Award; and the Hartford Business Journal's Top Women in Business Award.

In recent years, Medina became a mental illness advocate and began shining light on the mental illness epidemic after her son was diagnosed with bipolar schizoaffective his junior year at Bowdoin College. Medina leaned into her purpose and has become a trusted resource for families across the country challenged with young adults who have developed mental health issues. Her book *Peace Be Still: Navigating My Son's Bipolar Disorder* marks Medina's debut as an author. Through her advocacy, Medina is breaking down the stigma around mental illness and is starting a much-needed national conversation.

Medina earned a Bachelor of Arts degree from Wesleyan University, a Juris Doctorate from Georgetown University Law School, and a Master's in Business Administration from the University of Connecticut School of Business. Medina is also a very proud 40-year member of Alpha Kappa Alpha Sorority, Incorporated.

A lifelong resident of Connecticut, Medina now resides in Atlanta where she is enjoying her empty nest.

Juliann R. Mikolaitis '24

Juliann Mikolaitis is an Honors student graduating with a Bachelor of Science in Marketing, a concentration in Digital Marketing & Analytics, and a minor in Communications. She has been on the Dean's List each semester of her college career, and was named a 2021 and 2022 New England Scholar. Upon her admission to the UConn School of Business, she was awarded UConn's Academic Excellence Scholarship. In addition, for her continued academic success at UConn, she was a two-time recipient of the Simon's Family Scholarship Fund. During her freshman and sophomore years, Juliann was a member of the Business Connections Learning Community (BCLC). During her sophomore year, she was a First-Year Experience (FYE) Mentor for the learning community and

traveled to Munich, Germany as part of the BCLC International Business Immersion Trip. This experience inspired Juliann to study abroad for a semester in Florence, Italy during her junior year. As a senior, she held two different on-campus part-time jobs: one as an intern within the UConn Athletic Communications Department and another as a tutor within UConn's Student Athlete Success Program (SASP). Outside of work, Juliann loves playing basketball and staying active. She was a member of the UConn Women's Club Basketball team during her time at UConn. Upon graduation, Juliann will be joining The Cigna Group as part of their Marketing Leadership Development Program.

SCHOOL OF SOCIAL WORK COMMENCEMENT SPEAKER

Jodi Hill-Lilly, MSW

For more than 35 years, Commissioner Jodi Hill-Lilly has been intimately involved in every aspect of Connecticut's child welfare system. Graduating with honors, Commissioner Hill-Lilly received her bachelor's and master's degree in social work from Southern Connecticut State University. From there she would go on to dedicate her life and mission to serve children and families on a local and national level.

As a proud social worker and Connecticut resident hailing from Windsor, CT, she is an active community member, aligning herself to causes that continue to support children and families. She is a wife to Victor Sean Lilly and a proud mother of her three daughters Victoria, Alexia, and Tianna.

Commissioner Hill-Lilly began her career as a caseload carrying social worker providing direct care to CT's most vulnerable populations during the crack and AIDS epidemics. During this time, DCF social workers often had over 50 families on their caseloads – these experiences shaped her view of social work turning her focus to workforce development. Her motto is, "Help the people who help the people."

As consultant with the National Child Welfare Workforce Institute, she trained and coached hundreds of Child Welfare leaders from across the country. At the Capacity Building Center for States in Washington, D.C., Commissioner Hill-Lilly served as a consultant to help public Child Welfare organizations and professionals build the capacity necessary to strengthen, implement, and sustain effective Child Welfare practice and achieve better outcomes for children, youth, and families.

While the Director of the Academy for Workforce Development, she started the Mentoring program, Leadership Academy for Middle Managers, and the Leadership Academy for Social Work Supervisors. As Deputy Commissioner for Administration, she developed the inaugural Executive Fellowship Program.

Commissioner Hill-Lilly is nationally recognized for her work around Racial Equity not only in Public Health in Connecticut, but also around the country. Following the tragic death of Freddie Gray, Commissioner Hill-Lilly provided consultation and support to a multidisciplinary cohort of professionals selected to receive intensive technical assistance for a grant

funded project aimed at creating a trauma informed human service community in the city of Baltimore. At the American Humane Association in Denver, Colorado Commissioner Hill-Lilly provided supervisory training for various Child Welfare agencies across the United States.

Commissioner Hill-Lilly currently serves as Co-Chair to the National Partnership for Child Safety (NPCS), a quality improvement collaborative of 39 jurisdictions including Connecticut, representing nearly 70% of children involved with public Child Protection systems nationwide. She is also s Co-Chair for Connecticut's Alcohol & Drug Policy Council and is an active member of the Governor's Council on Women & Girls. Commissioner Hill-Lilly is a proud member of the Farmington Valley Chapter of The Links Inc, the Fairfield Chapter of the Chum Inc, and Alumni Member of the Greater Hartford Chapter of Jack and Jill of America Inc, national organizations aimed at serving her community.

Commissioner Hill-Lilly recently completed the prestigious Anne. E Casey Foundation Fellowship Executive Preparation Program where after two years of leadership development, she became a member among 150 cutting edge leaders in Child Welfare across the country. Over the span of three decades Commissioner Hill-Lilly has been acknowledged by receiving the Distinguished Citizen Award by the West Haven Black Coalition, The Constance Renee Wilson Collins-Exceptional Woman Award, 100 Women of Color Award, National Staff Development and Training Association-Distinguished Service Award, and the Minority Adoption Leadership Development Institute Mentor Award.

And on March 27th 2024 she was confirmed by the senate to be the next Commissioner of the Department of Children and families after receiving her nomination from by Governor Ned Lamont.

Commissioner Hill-Lilly is example of a passionate and dedicated individual driven by a personal desire to support and teach child welfare staff to do this work. We are honored to have Commissioner Hill-Lilly deliver our keynote address to the 2024 Commencement ceremony to the Graduating students of the University of Connecticut School of Social Work.

Kelly Ha, LCSW, BGS '19, MSW '21

Kelly Ha graduated from the University of Connecticut, Bachelor of General Studies (BGS) Program in 2019 adding a minor in Human Development and Family Studies. In 2021, Kelly completed a Master of Social Work with a concentration in Individual, Groups and Families, with an additional Certification in Foundations of Public Health. Kelly is the first person in her family to obtain an education above middle school.

In her role as a licensed therapist, Kelly has utilized evidence-based modalities such as Cognitive Behavioral Therapy (CBT), Dialectical Behavioral Therapy (DBT) and Motivation Interviewing (MI). During her time at Connecticut Children's Hospital working as a Clinical Social Worker, she provided holistic comprehensive care for more than 250 sickle cell disease patients, leading the Sickle Cell Family Advisory Council. She was also appointed to the Connecticut Children's Diversity, Equity, and Inclusion Advisory Board. At the Connecticut Department of Mental Health and Addiction Services, Kelly worked collaboratively with an interdisciplinary team to support clients with substance addiction.

Being a first generation Vietnamese American and having experienced COVID-19 related xenophobia, she become

involved with the #IAmNotAVirus campaign as manager, public voice, and leader of the mental health and allyship initiatives. Her outstanding dedication to this campaign led her to be featured on the front page of the Harford Courant. She has further addressed anti-Asian discrimination through speaking engagements at Northeastern University, the University of Connecticut, and Kenyon College. Kelly continues her work with #IAmNotAVirus to this day furthering allyship initiatives to support BIPOC communities, assisting in diversity trainings and education for corporate settings, and creating mental health workbooks used at 20+ universities across the country.

Among her many awards and accolades, Kelly has been recognized as a 100 Women of Color Honoree, Cystic Fibrosis Foundation Hartford's Finest, and UNiDAYS 2021 Student Woman of the Year Finalist. She is the recipient of the UConn Outstanding Senior Woman Academic Achievement Award, the Frank V. Carollo Scholarship, the Robert T. Kenney Scholarship and Robert T. Kenney Graduate Scholarship, and the Bachelor of General Studies Class of 1944 Scholarship.

Kelly currently practices as a Licensed Therapist and serves as part-time faculty at Capella University and Southern New Hampshire University.

Jerold Mande

Jerold Mande is CEO of Nourish Science; Adjunct Professor of Nutrition, Harvard T.H. Chan School of Public Health; and a Visiting Fellow, Jonathan M. Tisch College of Civic Life, Tufts University.

Professor Mande has a wealth of expertise and experience in national public health and food policy. He served in senior policymaking positions for three presidents at USDA, FDA, and OSHA helping lead landmark public health initiatives. In 2009, he was appointed by President Obama as USDA Deputy Under Secretary for Food Safety. In 2011, he moved to USDA's Food, Nutrition, and Consumer Services, where he spent six years working to improve the health outcomes of the nation's \$100 billion investment in 15 nutrition programs.

During President Clinton's administration, Mr. Mande was Senior Advisor to the FDA commissioner where he helped shape national policy on nutrition, food safety, and tobacco. He

also served on the White House staff as a health policy advisor and was Deputy Assistant Secretary for Occupational Health at the Department of Labor. During the George H.W. Bush administration he led the graphic design of the iconic Nutrition Facts label at FDA, for which he received the Presidential Design Award.

Mr. Mande began his career as a legislative assistant for Al Gore in the U.S. House and Senate, managing Gore's health and environment agenda, and helping Gore write the nation's organ donation and transplantation laws.

Mr. Mande earned a Master's of Public Health from the University of North Carolina at Chapel Hill and a Bachelor of Science in nutritional science from the University of Connecticut. Prior to his current academic appointments, he served on the faculty at the Tufts, Friedman School of Nutrition Science and Policy, and Yale School of Medicine.

Kiana Foster-Mauro is an educator, activist, and lifelong learner who is honored to serve as Connecticut's 2024 Teacher of the Year. A fourth-grade teacher at Nathan Hale Arts Magnet School in New London, Connecticut, Foster-Mauro is committed to empowering her students through culturally sustaining and human rights-centered learning. Foster-Mauro believes teaching is a radical act that impacts minds and hearts. Thankful for this opportunity to support and uplift students, she has designed and led lessons that empower, center joy, and tackle critical and relevant topics. Foster-Mauro has presented at conferences, nationally and locally. She has been a member of the National Association for Multicultural Education since 2018 and recently presented on facilitating critical conversations around current events, identity, human rights, and mental health at their annual national conference.

Foster-Mauro holds a Bachelor of Science in elementary education with minors in history and human rights, and a Master of Arts in curriculum and instruction from the University of Connecticut. At UConn, she served on the executive board of Leadership in Diversity, a student-led organization dedicated to diversifying education. Foster-Mauro is passionate about community and empowering others. She enjoys teaching her students reading, writing, and social studies daily and connecting with former students just down the hall and at her annual classroom family reunion. Outside of the classroom, she extends her commitment to education, diversity, and community as a dance teacher at The Dance Extension and company advisor to the Community Dance Ensemble.

Maya Moore Irons

Maya Moore Irons is a basketball icon – a two-time NCAA champion, two-time Olympic gold medalist, four-time WNBA champion, WNBA MVP, and six-time WNBA All-Star. After capturing back-to-back undefeated national championships in 2009 and 2010 at the University of Connecticut and captaining the team that set the NCAA record for most games won in a row, Maya was the NCAA Academic All-American of the Year and drafted No.1 by the Minnesota Lynx in the 2011 WNBA Draft. In 2015, after winning her third WNBA title and being named MVP of the WNBA All-Star Game, Maya became the first pro athlete ever to notch three titles—Rookie of the Year, All-Star MVP, and League MVP—in only five seasons of play. In 2018, after winning her third consecutive All-Star MVP award, she shocked the world following that season when she walked away from the game.

Right before her freshman year at UConn, Maya was introduced to Jonathan Irons by family involved with prison ministry. The two forged a close friendship, grounded in their shared faith, and cultivated through their dedication to finding his freedom.

In 2019, at the peak of her career, Maya decided to step away from basketball to focus solely on Jonathan's case. After a winding, year-long effort, Jonathan was finally released in July of 2020. The next day, Jonathan proposed to Maya, and weeks later, they were married.

Maya was the recipient of the Arthur Ashe Courage Award at the 2021 ESPYS and the story of her fight for Jonathan's freedom was told in the ESPN 30 for 30 film "Breakaway". In 2023, Maya and Jonathan welcomed their first child, Jonathan, Jr ("JJ") and published their joint memoir, LOVE AND JUSTICE. Together, Jonathan and Maya are dedicated to using their now shared platform and social action nonprofit, Win with Justice, to raise awareness and advocate for issues surrounding criminal justice reform, the important role district attorneys play in the judicial system, and the power of each individual to live out their purpose and effect change. UConn women's basketball legend Maya Moore was recently selected to the Women's Basketball Hall of Fame Class of 2024 and was formally inducted in April.

Radenka Maric, Ph.D.

Radenka Maric was named the 17th president of the University of Connecticut by the Board of Trustees on September 28, 2022. She had served as UConn's vice president for research, innovation, and entrepreneurship since 2017. As president, she is responsible for Connecticut's \$1.5 billion public flagship university with five campuses, more than 30,000 students, and an extensive network of research and service endeavors.

Dr. Maric also holds the rank of Board of Trustees Distinguished Professor and Chair Professor in Sustainable Energy in UConn's Departments of Chemical and Biomolecular Engineering, and Materials Science and Engineering. She formerly served as Executive Director of the UConn Technology Park and Innovation Partnership Building from 2015 to 2017.

As VPRIE, Dr. Maric led UConn's diverse research enterprise, with more than 300 staff members reporting to her at UConn and UConn Health. Under her leadership, new research awards to UConn and UConn Health doubled, growing from \$184 million in FY 2017 to \$376 million in FY 2020.

Dr. Maric has spearheaded innovative seed-funding initiatives to support faculty early-stage research and creative work across the university. She also has developed new programs to promote interdisciplinary, multi-campus, multi-stakeholder collaborations, including: Innovation Grant in Science, Technology, Engineering, Arts, and Math (STEAM), Scholarship and Collaboration in Humanities and Arts Research Program Awards (SCHARP).

Dr. Maric's work has included overseeing UConn's technology commercialization initiatives, including licensing, patenting, and entrepreneurial ventures.

Dr. Maric holds the rank of Fellow of the American Association for the Advancement of Science (2019), the National Academy of Inventors (2019), and the International Association of Advanced Materials (2020) and is an elected member of the Connecticut Academy of Science and Engineering.

Her many recognitions include receiving a Fulbright Chair Professor appointment at the Politecnico di Milano, Italy (2016-2017), a fellowship from the Japan Organization for the Promotion of Science (2012), the Leadership Award from the National Research Council of Canada (2009), and the Hartford Business Journal's Women in Business Award (2020). Governor Lamont appointed her to serve on the Board of Directors of Connecticut Innovations in 2020, and she is a member Oracle Research Strategy Council.

Dr. Maric is a world leader in technologies for clean energy and sustainability. She has significantly advanced understanding of materials and catalysts and has developed innovative manufacturing processes involved in fuel cell technologies, storage materials, and electrochemical sensors for health applications, leading to higher-performance, commercially viable clean energy systems.

Her scholarly work has resulted in more than 300 articles in refereed journals and conference proceedings, 21 book chapters and invited review articles in major journals, one book published, and two books under preparation. She also has six issued patents and 11 published patent disclosures. She serves on numerous review panels for the Department of Energy, the European Commission, and Horizon 2020 and serves as a board member of the International Academy of Electrochemical Energy Science.

THE GRADUATE SCHOOL – DOCTORAL CEREMONY COMMENCEMENT SPEAKERS AND HONORARY DEGREE RECIPIENT

Ruth J. Simmons, Ph.D.

Ruth J. Simmons is a Distinguished Presidential Fellow at Rice University and Adviser to the President of Harvard University on HBCU Initiatives. She served as president of Prairie View A&M University until March 2023. Prior to joining Prairie View, she was president of Brown University from 2001 to 2012 and president of Smith College from 1995 to 2001. After completing her Ph.D. in romance languages and literatures at Harvard, Dr. Simmons served in various faculty and administrative roles at the University of Southern California, Princeton University, and Spelman College before becoming president of Smith College, the largest women's college in the United States. She also held an appointment as professor of comparative literature during her tenure at Brown University.

Dr. Simmons is the recipient of many honors, including a Fulbright Fellowship to France, the 2001 President's Award from the United Negro College Fund, the 2002 Fulbright

Lifetime Achievement Medal, the 2004 Eleanor Roosevelt Val-Kill Medal, the Foreign Policy Association Medal, the Ellis Island Medal of Honor, and the Centennial Medal from Harvard University. In 2023 she was selected to give the Jefferson Lecture for the National Endowment for the Humanities, the highest honor given by the federal government for achievement in the humanities. Dr. Simmons has received more than 40 honorary degrees from universities around the world and serves on the boards of The MacArthur Foundation, Morehouse College, the Smithsonian National Museum of African American History and Culture, the Holdsworth Center, and Hines Global Income Trust. Dr. Simmons received the Brown faculty's highest honor, the Susan Colver Rosenberger Medal, in 2011 and was honored by the Prairie View faculty in 2022. In 2012, she was named a 'chevalier' of the French Legion of Honor.

Diane Burgess, Ph.D.

Diane Burgess is the founder of DIANT Pharma, Inc., which uses a groundbreaking continuous manufacturing process for pharmaceutical nanoparticles developed by Dr. Burgess and her team in the UConn Department of Pharmaceutical Sciences in a wide array of applications throughout multiple industries. Dr. Burgess is a fellow of the American Association of Pharmaceutical Scientists (AAPS) and of the American Institute for Medical Biological Engineering. She served as the elected president of AAPS in 2002 and of the Controlled Release Society in 2009. A member of the US Pharmacopeia Biopharmaceutics Expert committee and the USP Advisory Panel on Injectables, Dr. Burgess has served on National Institutes of Health study sections on drug delivery and biomedical engineering, drug delivery and drug discovery, gene and drug delivery, and nanomedicine, as well as many special study sections for National Institute on Drug Abuse, National Institute of Diabetes and Digestive and Kidney Diseases, and National Cancer Institute. Dr. Burgess is the recipient of several distinguished awards and recognitions including the 2018 AAPS Dale E. Wurster Award for Excellence in Pharmaceutics

Research. She earned her Ph.D. in pharmaceuticals from the University of London, U.K., and joined the faculty of the University of Connecticut after serving appointments at the University of Nottingham, U.K.; the University of North Carolina; and the University of Illinois at Chicago. Dr. Burgess was appointed Board of Trustees Distinguished Professor of Pharmaceutics in 2009 before becoming the Pfizer Distinguished Chair in Pharmaceutical Technology in 2018.

Dr. Burgess is the winner of the 2024 Edward C. Marth Mentorship Award. Her nominators describe her as "an exemplary mentor, demonstrating exceptional dedication and unwavering support for students," with an "unparalleled commitment" to mentoring graduate students across a nearly three-decade career. Dr. Burgess's work with graduate students demonstrates her "mentorship philosophy, centered around diversity, inclusivity, and family-like support," which created a "safe space ... to have the freedom to propose provocative ideas that brought our creativity and challenged convention all with respect for each other's diverse points of view."

Brenda Milla

Brenda Milla is a Ph.D. candidate in Physiology and Neurobiology. Under the guidance of Professor Daniel Mulkey, her doctoral research has centered on exploring the basis of breathing problems in Dravet Syndrome. Born and raised in Connecticut, with her parents having immigrated from Mexico, Brenda is the first in her family to attend college. Her academic journey began at UConn as an undergraduate and continued at the Storrs campus for her graduate studies. Her work has been recognized with prestigious awards such as the National Institutes of Health Ruth L. Kirschstein National

Research Service Award, has led to invitations to give talks at national conferences, and will lead to seven publications, including three as first author. Brenda has also dedicated herself to mentoring undergraduates and volunteered as an interpreter at free clinics during her studies. Brenda will be a postdoctoral research fellow at Harvard Medical School, where she aims to identify therapeutic targets for respiratory-related disorders. Her mission is to make a positive impact on those affected by neurological diseases and contribute to advancements in science and medicine.

The official seal of the University of Connecticut depicts the ancient and mighty oak. Beautiful and sacred, the venerable oak symbolizes wisdom, longevity and hospitality. To Aristotle, the oak represented human potential.

The oak holds a special place in Connecticut's history. In a time long before statehood, the Connecticut colony's self-governing status was guaranteed by a charter issued by King Charles II of England. When, in 1687, his successor King James II attempted to reinstate the monarchy's authority, the Crown's emissary's efforts were foiled as the Royal Charter was secretly spirited to a temporary hiding place—a majestic oak in Hartford, forever after known as the Charter Oak. The oak became a symbol of freedom worldwide.

The oak has unique meaning for the University as well. In 1884, the commencement exercises of the second graduating

class of the Storrs Agricultural School were held in an oak grove on the Storrs campus. This grove, long a favorite gathering place for a variety of open-air meetings, served as the spiritual home to the growing community of scholars.

The University of Connecticut's graphic interpretation of the oak is a stylized synthesis of two acorns and three oak leaves, representing maturation, intellect and moral strength. The seal is the symbol of a large and diverse institution; it is used by all of the University's schools, colleges, regional campuses, professional schools and UConn Health. It communicates the broader mission of the University as a center for the pursuit, the creation, and the sharing of knowledge. The University of Connecticut, like the mighty oak, is rooted in a proud past and reaches toward a limitless future.
